SUBJECT: HMHS QUALITY MANUAL FOR PURCHASING

1.0 OBJECTIVES

- 1.1 100% delivery of regular supplies to end users on a weekly/bi-weekly basis.
- 1.2 Achieve at least 90% availability of regular supplies in the stock room based on the Inventory at Par.
- 1.3 To deliver minor non-regular supplies requisitions (items below P10,000) based on seven (7) days turnaround time upon receipt of Purchase Request from end users.
- 1.4 To deliver the requisition for major non-regular supply (items more than P10, 000) not more than sixty (60) days.
- 1.5 To attain 100% delivery of non-regular supply requisitions based on the submitted specification/requirements of end users.
- 1.6 100% Evaluation of Potential Suppliers prior to any purchase transaction.
- 1.7 100% Evaluation of Accredited Suppliers.
- 1.8 No more than 3 complaints on service delivery from end users per month.

2.0 SCOPE

This procedure applies to all employees in the organization and all suppliers utilized by Halcyon Marine Healthcare Systems.

3.0 DEFINITION AND ACRONYMS

- **3.1 Purchasing** is defined as the process of procuring goods and services needed by the organization in the conduct of its operations.
- **3.2 Potential Suppliers** are those suppliers who passed the canvassing/selection procedure as the new provider of goods and services in the organization.

Complete Delivery

Upon delivery of supplies, the inventory clerk checks and receives the items based on the purchase order. On the scheduled date of releasing, the inventory clerk releases the supplies to end user using the stock transfer form or the accountability form as proof of receipt.

Incomplete Delivery

The inventory clerk checks the supplies upon delivery of items based on the purchase order. The inventory clerk informs the end user and returns item to supplier for immediate replacement/completion. The supplies are checked closely on the next delivery.

The Inventory Clerk updates the E-Stock Card upon delivery of supplies and submitted the delivery receipt and invoices to the purchasing assistant for checking and updating the receiving report. Once updated, the purchasing assistant will forward the purchase order, delivery receipt and invoices to the Accounting Department for payment purposes. The inventory clerk also updates the E-Stock Card after releasing of supplies and prepares the Stock Transfer Form with the assigned reference number same as the requisition form submitted by each unit/department for issued requested supplies.

6.2 PROCEDURE FOR REGULAR SUPPLIES REQUISITION

End users/employees submit requisitions. The forms are submitted to the Inventory Planner and Analyst every <u>Tuesday</u> for Laboratory and <u>Wednesday</u> for other units/departments for processing. Incomplete forms will be returned to the employee for compliance.

Upon receipt of validated requisition, the Inventory Clerk will prepare the requested supplies and corresponding stock transfer form as receiving copy for supplies to be released and corresponding stock transfer form as receiving copy for supplies to be released every Wednesday for Laboratory and every Thursday for other units.

Upon release of supplies, the Inventory Clerk will update the E-Stock Card and prepare the Stock Transfer Report. This report is used for updating the Operation and Non-Operation Requisition File for monitoring of request per units/department.

6.3 REQUISITION FOR INCREASE/CHANGE OF INVENTORY-AT-PAR

In case a unit/department requests for an increase or revision of their inventory-at-par (IAP) the end user submits a letter of request to change the IAP based on their weekly consumption duly approved by the Department Head. The request is then submitted to the General Manager for Operations for evaluation and approval.

Once approved the Purchasing Assistant informs the end user of the inventory-at-par. If the request is disapproved, no change will be applied.

6.5.2 PROCEDURE FOR EQUIPMENT REPAIR/SERVICE/CALIBRATION/PREVENTIVE MAINTENANCE

The end user submits the requisitions upon identification of the need for equipment repair or calibration/preventive maintenance.

Upon receipt of validated request, purchasing assistant contacts the supplier directly for quotation(s) of repairs and prepares the purchase order form, confirms the schedule of service support, calibration and preventive maintenance.

End user facilitates the actual repair/calibration/preventive maintenance of the equipments. Once a job order is done, all the technical service/calibration/preventive maintenance report provided by the supplier as a reference/record should be forwarded to QA officer for checking and validation of the reports provided. Once checked, all reports should be signed by the General Manager for Operations. Service report should be submitted within 72 hours.

Once reports are signed, all original certificates and reports will kept by the purchasing assistant and a copy will provide to the designated end user/department for filing purposes.

Disbursement personnel upon receipt of Supplier's billing and technical report will process payment accordingly. No report, no payment.

7.0 PROCEDURE ON FIXED ASSET MANAGEMENT & PURCHASE REQUISITION

- 8.1 The end user/employee submits supply requisition form with the attached letter justifying necessity to procure equipment/fixed asset duly approved by the General Manager for Operations
- 8.2 Inventory Planner and Analyst verifies and validates the requisition form prior to processing.
- 8.3 Purchasing Assistant conducts a canvass of the items requested based on Standard Purchasing Procedure (Please refer to 6.1.) All quotations are forwarded to the General Manager for Operations for review and evaluation.
- 8.4 Other units like Admin, HR and MIS must request a canvass sheet from Purchasing Assistant for their suppliers. Purchasing assistant must be informed every time there will be a potential supplier from other units.
- 8.5 In case a product demonstration is needed, the purchasing assistant and the end user, facilitate the installation of the demo unit in coordination with the supplier.
- 8.6 After completion of the demo period, the end user facilitates the evaluation of demo unit and submits the evaluation form to the Purchasing Assistant.
- 8.7 The Purchasing Assistant attaches the evaluation report to the canvass form for final assessment of the supplier. In case there are concerns, the Purchasing Assistant coordinates concerns/comments directly to the General Manager for Operations.
- 8.8 In case of potential suppliers from other units, they should provide an evaluation report attached with canvassing sheet to the Purchasing Assistant. For major purchases, the President also checks and approves the evaluation report.

SUBJECT: HMHS QUALITY MANUAL FOR PURCHASING

- 8.9 Once approved, the Purchasing Assistant prepares a purchase order form and confirms delivery date with the supplier and relays progress of the requisition to the end user.
- 8.10 Upon delivery, both end user and the Purchasing Assistant signs the supplier's delivery receipt and sales invoice for payment.

QAM

8.11 Inventory Clerk issues an employee's accountability form as reference that the request has been completed and that the end user receives the fixed asset/equipment in good working condition.

Accountability form also serves as a basis for clearing resigning employees.

8.12 If after delivery, equipment/unit needs to be repaired due to technical problem/s, end user calls directly the supplier for servicing. (Please refer to 6.5.2).

8.0 ACCREDITATION OF POTENTIAL SUPPLIERS

- 9.1 Purchasing Unit conducts a canvass for (3) new suppliers. Accounting Assistant sends a Quality Assurance Letter and Questionnaire to the potential supplier for completion and as part of the evaluation process.
- 9.2 Units that will outsource their services should conduct canvassing process up to 3 suppliers for comparison. They should also request for quality assurance letter and questionnaire for suppliers to fill up and submit to purchasing for updating of potential list of suppliers.
- 9.3 Using the information acquired from the questionnaire, the Potential Suppliers are evaluated based on their company information, capability, product list/services offered, warranty, payment terms and price competitiveness and result of ocular/site visit(as necessary).
- 9.4 Accreditation of potential supplier shall be evaluated and decided by the President/Medical Director and/or General Manager for Operations.

DOCU	MENT	NO.

Upon accreditation, the new supplier will be required to submit their company profile, licenses/permits, accreditation and other requirements prior to utilizing the company as the new supplier.

9.5 Upon accreditation, Memorandum of Agreement (MOA) is required to submit, duly approved by the legal counsel and signed by both parties. It should be notarized before continuing as new accredited supplier.

9.0 EVALUATION OF ACCREDITED SUPPLIER

- 10.1 All Accredited Suppliers are evaluated by end user and Purchasing Assistant for quality assurance every July of the year.
 - If the supplier passed the evaluation, the supplier will continue to be utilized as one of the company's accredited suppliers.
 - If the supplier fails in the evaluation, the Evaluation Form will be submitted to the Quality Assurance Manager with an explanation of the reasons for failure to ensure improvements and corrective actions are carried out by the failed supplier.
- 10.2 The supplier who failed the evaluation will be notified through email regarding the result of evaluation and areas for improvement. Supplier will then be required to submit a corrective and preventive actions.
- 10.3 Upon receipt of the supplier's proposed improvements, end user shall conduct a re-evaluation for a month.
 - If the supplier passes the monitoring period, the supplier shall continue to be

utilized as one of the company's accredited suppliers.

- If the supplier still fails the re-evaluation the supplier will be notified through email of the result of the evaluation.
- The supplier will be dropped from the roster of accredited supplier of the

12.0 PURCHASING POLICY & GUIDELINES

- 12.1 Inventory Planner and Analyst/ Purchasing Assistant shall check the completeness of supplies requisition forms prior to the processing of any request. Incomplete requisitions shall be returned to the employee/end user for compliance, which will then be the basis of Purchasing Unit for recording of purchases.
- 12.2 Canvassing for (3) suppliers shall be mandatory prior to the preparation of any Purchase Order except for urgent/over-the-counter purchases.
- 12.3 All purchases to be made must be supported by a Purchase Order for reference and records.
- 12.4 Purchases of goods and/or requisition for services should be made only from accredited suppliers except for rush or over-the-counter purchases.
- 12.5 Inventory Planner and Analyst to enforce submission of duly approved Weekly Consumption Report from each Unit/Department as the basis for the issuance/replenishment of regular supplies.
- 12.6 Inventory Planner and Analyst shall prepare and submit monthly Key Performance Indicator (KPI) to the General Manager for Operations, Accounting Supervisor and QA personnel.
- 12.7 No expired reagents/supplies shall be disposed without clearance from the Accounting Supervisor, General Manager for Operations and the Administrative Manager. Unauthorized disposal shall be applied sanction based on company policy.
- 12.8 Prior to the processing of any requisition for printing and reproduction, Purchasing Assistant ensures that final form for printing is signed and approved by the General Manager for Operations for accuracy and avoidance of wastage.
- 12.9 Purchasing Assistant shall constantly update end users regarding the status of their request/s as part of Accounting's proactive internal customer service.
